

Thoughtfull Sustainable Sourcing:

At OC Raw we take extreme pride in our products. The Foundation Proteins are: Beef & Produce, Chicken & Produce, Chicken, Fish & Produce, Turkey & Produce, and Duck & Produce. We also have 4 Exotic Proteins: Lamb & Produce, Fish & Produce, Rabbit & Produce, and Goat & Produce. All protein formulations are approximately 90:10 Animal: Fruits, Vegetables, and Supplements. Each formula contains the same amount of Carrots, Apples, Broccoli, Spinach, Acorn Squash, Beets, Parsley, and Blueberries for easy rotation and transition. Each of the proteins has a unique list of supplements which changes the vitamin and mineral content slightly to maximize absorption rates.

We only use meat and poultry from USDA inspected and certified suppliers. All produce and animal based ingredients certified for human consumption, processed and delivered in smaller cases never pallet bins. Our food never contains chemicals, enhancers, preservatives, remnants, processed meals, or denatured product. We do not source any of our meat or produce from China or Mexico. EVERYTHING we use is USA grown (except our lamb, rabbit and goat which most of the time comes from New Zealand, France or Australia).

Ingredient Benefits:

Carrots: Carrots are good source of Thiamine, Niacin, Vitamin B6, Folate and Manganese, and a very good source of Dietary Fiber, Vitamin A, Vitamin C, Vitamin K and Potassium. Carrots are an excellent source of antioxidant compounds, and the richest vegetable source of the Pro-Vitamin A Carotenes. Carrots' antioxidant compounds help protect against cardiovascular disease and cancer and also promote good vision, especially night vision.

Apples: Apples are a great source of Vitamin A, Vitamin C and Dietary Fiber. Apples have been shown to help reduce blood cholesterol, improve bowel function, reduce risk of stroke, promote healthy lung functions due to the fiber and phytonutrients present in the apples.

Broccoli: A very good source of Dietary Fiber, Vitamin A, C, K, B6, Folate, Potassium and Manganese. Also a good source of added protein, Vitamin E, Thiamine, Riboflavin, Pantothenic Acid, Calcium, Iron, Magnesium, and Phosphorous and Selenium. This has been shown to fend off cancer, osteoporosis, birth defects, and heart disease. It can also boost your immunity.

Spinach: Contains Niacin and Zinc, and a very good source of Dietary Fiber, Protein, Vitamin A, Vitamin C, Vitamin E (Alpha Tocopherol), Vitamin K, Thiamine, Riboflavin, Vitamin B6, Folate, Calcium, Iron, Magnesium, Phosphorus, Potassium, Copper and Manganese.

Acorn Squash: Acorn Squash is a good source of Dietary Fiber, Vitamin A, Vitamin B6, Folate and Magnesium, and a very good source of Vitamin C, Thiamine, Potassium and Manganese. Acorn squash have been found to have anti-cancer type effects. Specifically the ability to prevent cell mutations (cancer-like changes).

Beets: Beets are a good source of Vitamin C, Iron and Magnesium, and a very good source of Dietary Fiber, Folate, Potassium and Manganese. Beets are of great therapeutic value. They have properties to clean the kidneys and gall bladder.

Parsley: Parsley is a good source of Protein, Vitamin E (Alpha Tocopherol), Thiamine, Riboflavin, Niacin, Vitamin B6, Pantothenic Acid, Phosphorus and Zinc, and a very good source of Dietary Fiber, Vitamin A, Vitamin C, Vitamin K, Folate, Calcium, Iron, Magnesium, Potassium, Copper and Manganese. Parsley's volatile oils-particularly myristicin-have been shown to inhibit tumor formation in animal studies, and particularly, tumor formation in the lungs. Folic acid is also a critical nutrient for proper cell division and is therefore vitally important for cancer-prevention in two areas of the body that contain rapidly dividing cells.

Blueberries: This food is very low in Saturated Fat, Cholesterol and Sodium. It is also a good source of Dietary Fiber, and a very good source of Vitamin C, Vitamin K and Manganese. Blueberries are not only a powerful antioxidant but also have been proved to preserve vision.
